

DID YOU KNOW...

- First-responders risk serious danger of injury every time they respond to a public call for assistance.
- There is no such thing as a “routine traffic stop”. Law enforcement officers must be prepared to face threats with every traffic stop.
- The ambient temperature at a fire scene can reach/exceed 1200-degree fahrenheit.
- Back-related injuries and patient-initiated injuries are most common among emergency medical personnel.

HeroFundUSA, Inc. provides safety equipment and resources to help keep First-Responders safe. Items provided include:

- Body Armor (Police, Fire, EMS)
- Drones
- Radio/Communication Equipment (Police, Fire & EMS)
- Fire Bunker Gear & Breathing Apparatus (Fire)
- Gloves (Police, Fire & EMS)
- Cancer-Reducing Hoods (Fire)
- Thermal Imaging Cameras
- and MORE
